Executive Summary

The Camp Oklawaha Pavilion Renovation Project is a critical initiative to modernize, repair, and restore a high-use facility that anchors year-round programming. A \$100,000 leading grant from the John's Island Foundation provides naming rights and the momentum to launch the project. To maintain the Summer 2026 construction start, the remaining funds must be raised promptly.

Project Need

Recent conditions show roof and ceiling failures, compromised framing, aging utilities, and outdated restrooms and showers—creating safety risks and limiting capacity.

- Replace roof system and trusses; reinforce structural columns and headers.
- Rebuild and widen restrooms; add ADA-compliant bathrooms and showers.
- New First Aid Room, Trading Post, and Food Prep Area.
- New plumbing, electrical, lighting, and ventilation; refreshed finishes.
